Syllabis 2027 School at Home has evolved once again — delivering smarter tools, richer content, and greater flexibility for the year ahead

Having been founded in 2016, we have gained significant insight into the school-at-home market and have decided to take an approach of focus – focusing on your needs and delivering on our promises to help your child excel at school via an exciting, technology-driven approach to teaching and learning.

Our offerings are products and features based, which were introduced into the industry as an innovator in 2020, comprising different tools and services allowing us to tailor the solution that you need.

We are not a boilerplate provider of school-at-home solutions; we genuinely have your best interests at heart and to prove this we have developed a few cool tools to help you carve out a successful future.

We offer a 5-tiered product approach to school at home, with each offering customizable to your unique needs. Of course, you are free to upgrade or downgrade at your discretion. We do not lock you in.

The Syllabis 2027 5-tiered Product Offering

Preschool

The Little Rangers

Start Preschool with Ease and Simplicity. Catering to the needs of children aged 3 to 5 years, we offer a 3-tier offering allowing you to take control of your child's education in the comfort of your own home. Gone are the days of worrying about inflation, petrol price increases, and the morning traffic.

Distance School Grade R – 12

The Impala (Only for Grades R – 3)

*This is a base package encompassing a starter pack for distance school. Pricing from **R5400** per year. Includes content and reports. CAPS self-assessment, with detailed instructions.*

The Elephant

Strong and Peaceful with a great Memory, a good concentrator, and a force to be reckoned with, this package includes our basic offering, and some great value-added products and features. Clearly the best value for money. Fantastic for those starting out on their school-at-home journey.

The Buffalo

Strong and Feisty, always looking for an edge, the great mind, (the one with the good memory) whether alone or in a herd, this package includes our enhanced offering, and many great value-added services, products, and features. By far the best value for money in comparison to our competitors. Fantastic for those starting out on their school-at-home journey but wanting additional support along the way.

The Lion

On the Hunt, Protective, Happy in groups or alone, the King of the Jungle. This package includes all the bells and whistles (and a few loud ROARS). By far Clearly the best value for money in comparison to our competitors. Fantastic for those starting out on their school-at-home journey but wanting total support along the way. While other providers will "fit" you into their single program, we perform a

detailed needs analysis for you and your child, the output of which is a detailed report, providing you with recommendations on what path to take, which products to enroll for, and with which features. The Lion offers 10 Zoom sessions per month.

The Eagle

Flying high, upwards, and onwards. For students needing enhanced interaction with teachers and tutors, this package has It all. It's not as intense as a traditional online school, with a daily Zoom session from Monday to Thursday.

Where does your child fit in?

*Take the **free Educational Needs Analysis** and we will help you find the recommended option.*

If you have already decided on your method of learning, you do not need to perform the needs analysis.

Your desire to seek psychological intervention is your first step to navigate through the changes and difficulties life creates; guiding you to that place where the unknown feels comfortable, and your own resourcefulness is accessible.

Whether your needs are educational, transitional, psychological, or relational, our aim is to guide you, our respected clients to meaningful levels of functioning.

We work through a network of independent educational psychologists.

Syllabis Grade 10 – 12

Elephant

The Elephant package is best suited for a top-performing learner who can work fully independently and generally requires minimal support and always performs brilliantly. As a result of this, the cost of the Elephant is lower than the rest of our packages but should only be considered in the case of budget restrictions.

Buffalo

The Buffalo package is ideal for the above-average performing learner who can work independently but sometimes needs a little help to get to the grips of a topic or a particular subject. The

Buffalo comprises the Elephant package plus the iWizard, iMaster, iAnimate and Study Skills.

Lion

The Lion package best suits the average-performing learner who can work independently but still needs a fair amount of help to get the grips of a topic or a particular subject. The Lion comprises the Buffalo package plus 10 monthly iNteract sessions (Compulsory subjects only).

Eagle

The Eagle is the ultimate curriculum package available anywhere you can think of and loaded with learner support features you can only dream of. It has all the features of the Buffalo package plus 4 weekly iNteract+ sessions (Compulsory subjects only).

The Eagle is a blend of both online and independent learning, with an emphasis on independent learning, which all top educational experts and the most successful entrepreneurs of all time agree with.

Closing dates for registration: Grades 10 & 11: No deadline date

Grade 12: Usually 30 March but **subject to SACAI requirements**

SACAI is an accredited assessment body in which Syllabis is registered though, Syllabis Learning Reg. No: 851109

Syllabis is fully accredited through the South African Comprehensive Assessment Institute (SACAI), a recognized assessment body, and our qualifications are certified by Umalusi, the Council for Quality Assurance in General and Further Education and Training.

How does distance learning work?

Of course, no matter what our recommendation is, you are always free to choose any method, product, and feature that you want.

While other providers will “fit” you into their 1 program, we perform a detailed needs analysis on you and your child, the output of which is a detailed report, providing you with recommendations on what path to take, and which products to enroll in for, with which features.

If you have already decided on your method of learning, you do not need to perform the needs analysis.

Of course, no matter what our recommendation is, you are always free to choose any method, product, and feature that you want.

Onboarding

During the onboarding process, no matter your selected method of learning, or products or features, our goal is to make this experience as seamless and crisp as possible.

Tests and Exams

As you progress through your learning, test and exam notifications will be sent out regularly. We make the process a breeze.

Transfers In and Out

If you are in grades 10 – 12, we need to do an official transfer from your existing school. For transfers in earlier grades, a letter of confirmation from your existing school is acceptable. If you are not in a school, we will assess your child.

Syllabis Product Features

Syllabis eBooks

The 2027 eBooks have been consolidated into one succinct eBook, managed via our digital rights management application. The eBooks application allows students to access the content on different types of devices, highlight areas of importance, and tag e-notes for later consumption.

Syllabis eBooks for Grades R · 3 are available in printed format. All other eBooks are available only in digital available only in digital format.

Our promise to you is that your materials will be dispatched to you within 24 hours of registration confirmation.

Features:

•Each eBook is tied to additional, extended learning online lessons available on iWizard.

•Each eBook is tied to an additional, extended assessment concluded online, available on iWizard.

·Printed books are available only for Grades R to 3. Additional charges apply to cover the additional costs incurred in printing, courier, and administration. All workbooks for grades R – 3 are couriered to your home or nearest Postnet.

• These books are 100% aligned with CAPS.

Syllabis iTheme

In 2027, Syllabis Education continues its theme-based approach to teaching and learning for its grade R – 9-grade packages. The Theme based packages are also 100% aligned with CAPS, so there is no impact on the curriculum at all.

These are provided for Term 1 and Term 3.

Why Theme-Based Learning?

Learning is a process of integration. When learners see how concepts connect with one another across subjects, we are constructing an important and powerful understanding of educational topics. If students can communicate that meaning, the learning is further reinforced. Therefore theme-based learning is so effective.

Reasons to choose the Lion or Eagle Package that includes Syllabis iTheme.

It’s more fun and engaging to teach and learn using a theme.

Syllabis iAnimate

Syllabis Education has, over the past 12 months, put together a custom catalogue of educational animations covering:

+ Preschool-Grade 6: All Subjects and Topics (Aligned to the eBooks, Themes, and Assessments).

+ Grade 7 – 12: Accounting, Mathematics, Science, Afrikaans, Zulu.

Syllabis Online Study Guides

A Syllabis Study Guide is a manual to assist in navigating CAPS- aligned school subjects and home-schooling in general.

They advise on how to structure the home-schooling approach and the home-schooling environment to benefit the learner.

The Study Guides outline the topics/units and guide learning with weekly planners and time allocations. Guidance on how to navigate the eBooks is also shared in the Study Guides. Study Guides also guide parents/guardians/tutors and the learner through the term's work and the learning objectives for individual subjects.

Additional support is provided with resource links to further the learner's understanding or facilitate revision.

Orientation Week

The orientation of any student into the Syllabis Educational Ecosystem required some form of orientation, although many students have been able to jump right in with no support whatsoever.

Every student that enrolls with Syllabis, has the choice to participate in various levels of orientation.

Our orientation sessions are conducted online.

•View our online orientation recordings.

•1-or-2-day Orientation Plan, conducted online via video call.

•Enhanced Orientation Plan – for those students needing greater help transitioning to school at home. This usually takes place sporadically over a 2 to 3-week period.

Study Skills Course

The study skills course is a professional course offered by our study skills expert and is conducted over 2 days usually around examinations.

Online Help - Curriculum Planning

Online help in the form of a chat function that is embedded in the learning portal.

Tutoring

We provide comprehensive tutoring solutions, to those students enrolled with us, to those enrolled in other schools, be it traditional schools or other school @ home providers. Our tutoring can be done either in person, online or at a learning center.

Tutoring

Syllabis Tutoring has been a leading provider of tutoring services in South Africa since 2014. While our focus at that time was 1 on 1 personalised tutoring, we have expanded to offer the following products and services around tutoring:

- 1 on 1 in-person tutoring
- 1 on 1 online tutoring
- Group tutoring – online or in person
- Study Skills Course – in person or online
- Language Tutoring

iWizard

Enhanced Learning System

The vast amount of content and information that makes the world wide web such an invaluable instructional tool is precise which limits its usefulness in the classroom as the data is largely unstructured. The Syllabis iWizard removes these restrictions.

Syllabis iWizard is an easy-to-use educational system that transforms the Internet into a safe, interactive, and structured learning environment.

Our browser gives students a structured interface within which to conduct web-based learning. It consists of instructions, assessments, downloadable documents, and a vast array of other tools that makes learning fun and exciting.

With nothing to configure and nothing to install, all you need is a current Web browser and a reliable internet connection.
